Special Card Planned At Calgary Race Track

CALGARY, May 22.—A fine holiday race card featuring the six and one-half furlong Victoria Day Purse which has attracted nine top ranking performers has been arranged for Wednesday, at the Calgary exhibition track.

The feature affair will see the first western appearance in several years of W. J. Yates' Sister's Best, which was the star performer of the prairie circuit in 1947.

Sister's Best has drawn the rail position and will carry 115 lbs.

BASEBALL

NATIONAL GAME

SOME OPPOSITION

We'll Bake That Cake For Calgary's Birthday

Edmonton will definitely bake a cake for Calgary's 50th birthday. Stamped—both only over the strenuous objection of four Edmontonians.

Aldermen Blisset, Tanner, Lawson and Hanna doggedly pressed for a \$1,000 out in the proposed \$2,000 city contribution toward a float and a cake, but were answered when Mayor Sid Parson made the vote 7 to 4 for the float amount.

The float has already voted \$500 to the combined project.

Ald. Tanner said that under the circumstances he would rather

THIS MAN DOESN'T RUSH INTO THINGS

LIVERPOOL, England, May 23.—(UPI)—John Morris, who has been a Liberal party member all his voting life, joined Winston Churchill's Conservative party today on his 100th birthday.

Oil Hunt In City Won't Affect Many

The right to hunt for oil within Edmonton city limits was approved last night by City Council, but few citizens will have a chance to join the search.

CLOSE SQUEAK

1. Meet all provincial drilling requirements, which specify:
(a) no drilling shall be started on land less than 40 acres in area, or less than a legal subdivision;
(b) a well must be not less than 300 feet from the nearest boundary of the drillers' oil or gas rights;
(c) a well must be not less than 200 feet from any road allowance, road, railway or other right-of-way, dwelling, school or church.

2. Satisfy city commissioners and City Council that drilling will not prejudicially affect present or future development of the land concerned, or of any land in the vicinity, for civil, residential, educational, commercial or industrial purposes.

3. Pay the province and the city each \$25 for a license to drill, and meet with the provincial treasurer a \$2,500 guarantee for proper completion of the well.

That cuts the area where drilling may be undertaken to (Continued on Page 2)

Red Trawlers Sail Away

LONDON, May 23.—(UPI)—A Soviet trawler fleet of 31 vessels which remained anchored off the coast of the southern coast of England sailed away today as unexpectedly as it arrived last Friday.

The fleet left the Cornwall coast where it had been sheltering and sailed southward in columns toward the Bay of Biscay, where western warships are holding

Their course, however, will take the trawlers into the Mediterranean in apparent substantiation of the Russian claim that the fleet will sail to the Baltic to the Black Sea.

56 DEAD, 137 Hurt In Peru Quake

CUZCO, Peru, May 23.—(UPI)—Three-fourths of Cuzco's 50,000 residents have been made homeless by damage to their homes in Sunday's earthquake, government officials reported today.

Officials have counted 56 dead and 137 injured.

River is Dropping From Flood Crest

By John Dauphine

WINNIPEG, May 23.—(UPI)—The Red River dropped slowly but steadily from its continuous flood crest today, Brig. R. E. A. Morton, the army's flood-control commander, said the situation looks encouraging.

"The weather holds the key," he said at his morning press conference. "The situation will be critical until the water drops several feet."

But barring heavy, prolonged rainfall, the disaster risk to the twin cities of Winnipeg and St. Boniface, Man., seems ended.

All along the river's winding course from North Dakota, the water level has been falling.

Dave Mason, Associated Press reporter, who flew yesterday from Winnipeg to Minneapolis over the flood area, reported that three river-formed lakes south of Winnipeg are shrinking.

"The lake areas are better described now as uneven enlargements of the river, with the greatest width in the Morris, Man., area, and extending unevenly southward. They gradually taper off until the river is virtually within its banks about 15 to 20 miles north of Grand Forks, N.D."

The most hopeful thing is that most surface water appears to be evaporating, and will never reach the main stream of the river.

Flood-control headquarters, responsible for Winnipeg's river levees, said it had "nothing new to report."

AWESOME LEVEL

The Red's level was still awesome and terrifying despite a drop of slightly more than one inch overnight. At 2:30 p.m., it was at its lowest point since May 12 when it threatened to force mass exodus.

Race Profits Go To Fund

Special To The Bulletin

WINNIPEG, May 23.—R. James Speer, general manager of the Manitoba Jockey Club and Winnipeg Jockey Club, announced Monday that all net profits from the spring meeting at Polo Park, held June 11 to July 3, will be donated to the Manitoba flood relief fund.

Approval to hold the race meeting as scheduled has been given by Premier D. L. Campbell, Mayor Culler and Aldermen R. E. A. Morton of the flood control committee.

Mr. Speer conferred with horsemen at Calgary during the week-end when he attended the opening of western Canadian racing, and found them willing and anxious to make a contribution to the worthy cause.

The need in the Winnipeg area is so great it was decided that half measures would not be satisfactory, and that the spring race meeting would be held to raise funds for rehabilitation.

In addition, the cancellation of the race meeting would result in a loss of over \$200,000 to the province of Manitoba from the per-mutuel fund amusement taxes on revenue which is badly needed at this time.

20 Are Homeless In Montreal Fire

MONTRÉAL, May 23.—(UPI)—Twenty persons were made homeless last early last night when fire heavily damaged 32 flats in midtown Montreal. The blaze started in an underground parking lot, and quickly spread to adjoining premises.

If the one-eyed owner is a reader of Bulletin Want Ads, maybe he hasn't noticed his loss. For even a person with an eye can't help but discover the Classified pages of the Bulletin.

If you're lost in today's paper and you want to buy, rent or sell, check one of the other hundred and one classifications.

There's a bargain to suit your need in Bulletin's Want Ads pages.

Death Toll Now Eight In Ontario Crossing Smash

STURGEON FALLS, Ont., May 23.—(CP)—The death toll in a devastating collision of two cars on a highway near Sturgeon Falls today when two children died in hospital.

The children were Gerald Goudy and Evelyn Goudy, both aged four.

Monday when a truck smashed into a car in a head-on collision.

Canadian National Railway transportation personnel at Vernon, 11 miles west of here, were reported improving today.

Dr. Newton's Service

Because any first class educationist is one of the major assets in any community, the resignation of Dr. Robert Newton from the presidency of the University of Alberta is a matter that intimately concerns every person whose welfare depends, directly or indirectly, upon the efficiency of that institution.

Dr. Newton is a first class educationist. And his administration of the university, during his nine-year term of office, has not only enlarged its prestige but has appreciably increased its usefulness to the people of this province.

As an organizer and administrator, Dr. Newton is unsurpassed. But his greatest contribution to the institution which he has so successfully headed has been his balanced conception of education as a process that must minister to the entire community and to the multitudinous needs of the entire community.

Too many universities in the past were devoted exclusively to the cultural ideal in which the education process became a mere academic stuffing with classical knowledge.

The cultural and classical aspects of education are vital, of course. But they do not comprise all of education.

And, in reaction against this viewpoint, too many modern universities have swung inordinately in the other direction.

Some of the newer institutions are no more than advanced technical schools, concerned only with teaching a technique for earning a fat living. Now somewhere between the classical and the technological extremes is the ideal university which, preserving the classical view of knowledge and genuine veneration for wisdom, still offers the technical instruction so desperately needed in a highly technical age.

Under Dr. Newton's wise leadership, the University of Alberta has hewn pretty closely to this desirable middle course. And following this policy has achieved such distinction in the educational world that its graduates are in demand and its results are respected.

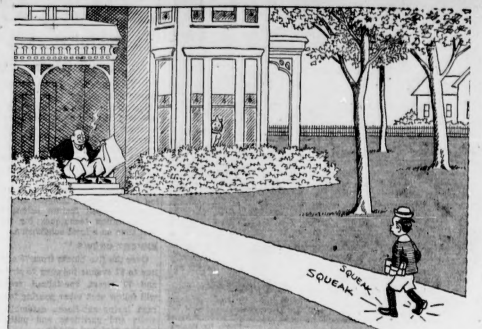

During Dr. Newton's presidency, such courses as petroleum engineering have been established and will prove of tremendous value to this great oil centre.

But these changes have not been made at the expense of that view of education which regards universities as places for the sharpening of the spirit and the broadening of minds rather than as agencies for the magnification of take-home pay. Dr. Newton has served the university well. And in serving the university well, he has served Alberta and the people of Alberta.

His resignation will be regretted by those people as it has been regretted by Premier E. C. Manning who has reluctantly accepted it.

Effect Of Saturday Movies In Doubt

The traditional Saturday movie for the youngsters is coming under some criticism on the part of parents who object to the kind of tripe which is often played for these juvenile audiences. This is not a local problem. It has been raised in many parts of Canada and the United States, and one reader has sent me an article criticizing the movies being shown to the youngsters in Britain.

From all accounts, it seems that movie censors are at it that there is nothing indecent "in these movies. But too many of them consist of little more than a series of thrills and a group of men in the House of the Future, they could never be considered educational. They are usually rip-snorting western or chilling thrillers or gangster epics.

It is little wonder that many parents are concerned about the effect of such movies upon youngsters. It is quite certain that some of the scenes are shocking and some of the shows are brutal in nightmare. One can easily condemn the whole lot of showings.

There is another aspect of this which builds back. Youngsters at certain age crave thrills and action and excitement. It might be interesting if some of the experts could determine whether exposure to such films caused them to do much better or worse. Let us see if it is still difficult to find an escape valve that provides the excitement and made it unnecessary to see it.

Another question. Do hoodlums develop because they have seen shows, or would they have been hoodlums anyway, or because of other reasons?

It is only natural that parents should be concerned over such a question. But it may be that this natural concern is groundless.

This is a subject upon which I would hesitate to suggest an answer. But it is also a subject upon which it would be interesting to hear the reactions of parents and of the youngsters themselves. For worry, it will be a relief; while if these films are dangerous, some action should be taken to remedy them.

Obstruction From the Communists

We can imagine nothing that will recommend the Detweiler city centre plan to the people of Edmonton more than the blast of the Labor-Progressive party against it.

The Communist group has informed city council that it is opposed to special concessions to any "private business interests."

There is nothing strange about that because the Communists are opposed to "private business interests" themselves. That is to say, they are opposed to the corner grocer, the carpenter, the butcher, the shop, the farmer with his own farm and everybody who is in business for himself just as much as they are opposed to the banks and the oil companies.

The Labor-Progressive protest goes on to declare that the Detweiler proposal would "virtually give away the assets of our city" to those whose obvious purpose is to use them for "private gain."

So far as the giving away is concerned, the gift seems to be coming from the other direction.

Here is a corporation that is willing to build a magnificent \$28,000,000 asset that would never in this world be built piecemeal by individuals and asks for nothing

in return but certain tax concessions on structures which contain no tax potentialities and which they are built.

All the city is asked to give away is a tax source that is created by the Detweiler interests themselves and does not exist until those interests create it.

Of course the proposal is for "private gain."

Surely we are not so naive as to believe that the First New Amsterdam Corporation is going around the country, like Santa Claus, paying \$28,000,000 gifts into city treasuries.

What excites the antagonism of the Communists in this proposal is that it is democratic capitalism operating at its best.

The First New Amsterdam Corporation, because it possesses money for investment, would be able to make money at the same time, permit Edmonton to make money on it and, eventually, possess clear title to a \$28,000,000 asset which will give the city the time to the city's downtown area of Edmonton and lift all the standards in the commercial district.

The Communist rage at this proposal because it is an instance of how democratic capitalism can operate for the public good.

Letters to the Editor

Highway Tragedy

Editor, Bulletin.—The recent tragic accident which took place on the Nisku-Edmonton section of the Calgary Highway should serve as a severe object lesson to the authorities concerned, provided they are willing to learn and take advice from the public once in a while.

This section of the highway, closed in as it is by dangerously deep ditches, making parking impossible under any safety code, is no place for indiscriminate and excessive traffic. Traffic action such as is practiced there.

I cannot understand why the RCMP insist upon stopping cars late at night on this section when the highway is virtually deserted. In order to read out tickets to an unimpaired and law-abiding public, and more so when their action is accompanied by insulting remarks and menaces of various descriptions, against which the public can say nothing either on the spot or in subsequent traffic court.

It must be most impressive and decidedly interesting evidence for visitors to this city—so much so in fact that the word quickly reaches other States and provinces.

Persons, again, visitors are protected and treated more courteously than the citizens of this city. I believe many of our reputation comes from the type of people in and around Edmonton who insist on being small plus our city fathers who can not see any further than across the street and set the example for all to follow.

No one other than the Bulletin sees this. Everyone for himself.

About Statistics

Editor, Bulletin.—I was intrigued by your columnist's conclusion that "Statistics are Deadly" (On the Town—By Jack Delong), and which reminded me of the assertion by agricultural minister Gardiner the other day, to the effect that the agricultural industry could get along with fewer folks with the yen to "surplus," surplus when, in fact, it was a purely temporary or local condition.

That is my thought, too, Mr. Editor. It seems evident that while the modern business world needs "statistics" to indicate the road ahead in terms of probable supply and probable demand—far too often the information can be slanted to serve some interest less than the general welfare. Undoubtedly the agricultural industry (the most unutilized and decentralized of all economic activities) is unacceptably vulnerable to centralized and concentrated speculative operations.

Personally I would just as soon move under our present management, down to Calgary, where they are aware and making Calgary a city to be proud of. When we are going to start over?

WONDERING.

King's Highway

Editor, Bulletin.—Time was when our grandfathers spoke with pride of the main road as the King's Highway. The meaning was that the road was open to all free men to come and go as they wished without let or hindrance. Today we say highway, but it means the same. Any one stopping a person was looked upon as a highway man.

However, at times if there was a want out or accident the police might find it necessary in the interest of public safety to stop people and have them detained. The properly authorized police that is.

What is the state of things in Alberta today? Alberta is a sovereign state and has no authority police. Before August, 1945, we had the North West Mounted Police, a province and were told by Ottawa that we had to have our own police.

After considerable study and discussion, I believe many of our reputation comes from the type of people in and around Edmonton who insist on being small plus our city fathers who can not see any further than across the street and set the example for all to follow.

No one other than the Bulletin sees this. Everyone for himself.

ODDS AND ENDS

New York Traffic Hazard Mile Beside Edmonton's

By Harold L. Weir

I note, with mild surprise, that Mayor Sidney Parsons has come back from New York City with the traffic laws of a busy Manhattan street.

Our chief magistrate, it seems, finds the density of vehicles in the metropolitan area of New York highways terrifying.

And he would not want to attempt to live there.

On the latter point I am in complete accord with his wisdom.

I wouldn't want to live there either, and I will just have to be realistic together.

But on the other point of Manhattan's confusion of traffic, I vehemently disagree.

There is a lot of traffic in Manhattan undoubtedly, even though few people bring their cars to work with them because parking is \$1.00 to \$2.00 per hour in lots and garages.

But this volume of traffic is controlled.

And, frankly, I would rather cross Broadway at Times Square at the busiest hours than try to worm my way across Jasper from the Bulletin office to visit for a spell with Jack Delong's Pleasant Kite.

Risky Trip
To cross Jasper avenue at any intersection that doesn't boast a stop light is getting to be a major adventure.

And the reason is that there is no traffic control whatever. The pedestrian is completely out of luck because there are absolutely no provisions for his safety.

One day I stood on the curb

and watched 42 cars whiz by in one direction before they came along with engines roaring and tires to slow up and let the little knot of pedestrians get by.

I have crossed Broadway and Fifth avenue in New York many times and never saw a car stop at a lower Regent street in London at 5 p.m. when traffic is rushing to get on Pall Mall and the Mall.

I have ducked over the bushes at boulevards in Paris at the busiest hours.

And I have not been killed once.

But I have died a thousand deaths trying to get across Jasper Avenue from the Bulletin office to the meagre sustenance in a cup of coffee.

What does his worship mean?

Order in Disorder
There is one great difference between New York's traffic and Edmonton's traffic.

And that is that whenever there is a rule broken in New York, it is a rule broken by a car, not by a pedestrian. In Edmonton, you never can tell when a car is going to come along and attack you from the rear.

At 100 street and Jasper, for instance, vehicles run regularly through the amber lights and even through the red lights when it pleases them.

When they are brought to a halt, either by a red light or a stop sign, they roll ahead until they are sure they can get away without being hit by a car.

As a matter of fact, a good many of the traffic lights in Edmonton are so timed that they are a menace to safety instead of a means of protection.

And the second is like unto the first. That is, the pedestrian is completely out of luck because there are absolutely no provisions for his safety.

One day I stood on the curb

before he attempts crossing an intersection.

But that Mayor Parsons ever see a large fishman in blue dart out from the curb and jump on the back of a car, and then the car driver's ancestry and personal habits.

New York may have heavy traffic and congested traffic and dangerous traffic.

But it is much safer traffic because everybody is forced to obey the traffic law.

Today's Text
Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy mind, and with all thy strength, and with all thy power.

And the second is like unto the first. That is, the pedestrian is completely out of luck because there are absolutely no provisions for his safety.

BLOOD AND BULLETS War Against Communism Far From 'Cold' in Asia

"Cold" war? Not in Asia. It's a war of blood and bullets. The United Nations, after years of talk, have now sent to Tokyo a U.N. occupation force and has been there ever since. The U.N. has no longer correct to call it a "cold war" in the Far East.

By ERNEST HOBERECHT
The war that once was cold is hot in Asia.

The fight against Communism is a fight against the forces of evil and who are using them. It is a fight for the survival of the human race. Every day, men are being killed in the struggle to halt Communism.

Dividing Lines
Far From Clear
It's not all black or white, Left or right, or wrong.

Some Communist leaders are motivated primarily by Nationalism, which has the traditional support of the United States. Some people are being killed by Communists on the Western front.

Canada Trade Outlook Bright In South America

By Norman M. Macleod
Exclusive to The Bulletin
OTTAWA, May 23.—(UP)—A new shipping service, raising coffee prices and a firm sugar market, provided a bright outlook for future Canadian trade with several Latin American countries, a government trade survey showed yesterday.

Asia Market Blocked By Dollar Lack

Lack of dollars is the only block to the development of the rich southeast Asian market to Canadian producers and manufacturers. Demand is keen in Malaysia, Indonesia and Siam for western-made products, said Paul Sykes Canadian trade commissioner in Singapore, on his arrival in Edmonton Monday.

The only commodities those countries are now buying in Canada are essentials which cannot be bought from starting prices, for quick delivery, he said.

DROP IN TRADE
Until the United Kingdom works out a solution to its monetary problems and releases dollars for purchase of goods for Malaysia there will be a drop in Canadian trade with that country.

Listing as well as in east Asia, he said the market would be wide open for the purchase of machinery, cars, trucks, canned foods and lumber.
One bright spot in the United States' loss of \$100 million to Indonesia, he said, it will be custom the country to western-made goods and in the future may be able to get to the market.
While in the city Mr. Sykes will confer with deputy ministers of the departments of agriculture and trade and industry.

New Lawyer Is Admitted

City's newest lawyer is G. M. Burden, 1013-100 avenue, admitted to the bar yesterday by Mr. Justice Hugh John Macleod.
Mr. Burden, who will join the law firm of Simpson and Silverman, was presented by A. F. Duncan, K.C. to whom he was articled for the past year.
Born and educated in Regina, he attended University of Saskatchewan, receiving his B.A. in 1940 and his LL.B. in 1945. He was with the Canadian army until discharged in 1944.
"You and all lawyers ought to be guided by a sense of duty to your client to maintain his rights together with a sense of duty to the Court and lastly a sense of duty to yourself," counselled Mr. Justice Macleod.

Kansas Group Changes Set-up

CHICAGO, May 23.—(AP)—Details of a plan to use telephone writer type setting circuits in Southeastern Kansas were told to the Inland Daily Press Association yesterday.
Richard M. Seaton, publisher of the Coffeyville (Kan.) Journal, said the circuit will start operation June 1, and will eliminate type setters in five newspaper plants.
Seaton said Associated Press dispatches and regional news will be edited at a central office in five independently-owned dailies, the Coffeyville Journal, Pittsburgh Sun and Herald; Parsons Sun; Fort Scott Tribune-Monitor and Independence Reporter.
Under the system, a typist in the central office does the work of type-setting machine operators.
Seaton said the new system would reduce composition, wire and editorial costs and would make possible increased coverage of news of importance in Southeastern Kansas.
He said additional papers are expected to join the circuit later.

Diocese Asks Name Change

TORONTO, May 23.—(UP)—A recommendation that the name of the Church of England in Canada be changed to the Anglican Church of Canada will be made to the Toronto Anglican synod next week. The recommendation is contained in a report of a special sub-committee of the diocese.
Proposal for changing the name was made at a meeting of the general synod last September. It was decided to accrete synods in every diocese before taking action.

Funeral Served Here Tomorrow

Funeral service for Mrs. W. H. Clarke, 10712-90 avenue, will be held this afternoon at All Saints' Cathedral.
Mrs. Clarke died last Friday night at age of 87. She was an active member in the women's auxiliary of the Willing Workers, and of All Saints' Cathedral.

Proofs Scanned By Government

SAIGON, Indo-China, May 23.—(Reuters)—Domestic press censorship, decided upon last week by the Viet Namese council of ministers, came into force last night.
Desisted to prevent and punish "campaigns of lies" and "incitement to violent rebellion," the laws require local newspapers to present proofs of their pages for censorship daily. Foreign news agencies are not affected.

SISTER BEATRICE, 30-year-old crippled Catholic nun at Pareil, India, suburb of Bombay, was reported miraculously cured after seeing statue of Catholic Saint. Our Lady of Fatima, next to which she is standing. On seeing statue, Sister Beatrice was said to write in her wheel chair and then stand up and walk. Roman Catholic authorities view reported faith-cure with caution.

New Yorkers A-Jitter Over Cloud Tampering

By Barbara Washburn and H. D. Quigg
Exclusive to The Bulletin
NEW YORK, May 23.—(UP)—There is a dread here on and they find they can't turn it off.
New York's well-known water shortage. What he did, some folks seemed to think, was a scandal to the jaybirds.
The complaints got so loud that Howell had to call in the New York weatherman, Ernest J. Christie, to say it wasn't so.
Christie pointed out that Howell could make clouds appear—he just tries to coax rain out of any that happen to be hanging around the Catskills.
You can get an idea of the Rhuabarb-by-letter by some samplings. A New York city man with fixed ideas about rain and purification wrote:
FREE WHEELER
"If a cloud brings it (rain) down but it stops by itself. If it starts by itself forcing it to burst might be dangerous because no plumber can fix such a leak. Don't force rain."
A New Jersey farmer wrote and complained, "when you make it rain I lost 121 baby chicks on account of rain dampness."
A woman arthritis sufferer from upstate asked an end to "these unjustified antics" she said she "never suffered so as I have during April and May."
An Irish lady from Brooklyn wrote Water Commissioner Stephen J. Carey, "little did I think I could ever live to see the day when a man with a name as Irish as Carey would go to a Harvard professor and at the expense of the poor, unfortunate taxpayers of Greater New York try to produce something which should only come from God."

Commonwealth Doctors Meeting

LONDON, May 23.—(Reuters)—A Commonwealth medical conference will open in Brisbane Thursday. Radio Australia reported yesterday.
It will be attended by delegates from Canada, Britain, Australia, South Africa, New Zealand, Pakistan, India and Rhodesia.

U.S. Air Fighters Nearly All Jets

Air Force Fighting Strength Now About 1,500 Aircraft

By Charles Cordery
Exclusive to The Bulletin
WASHINGTON, May 23.—(UP)—The air force's fighter strength now numbers about 1,500 aircraft and is close to becoming entirely jet propelled.

Eighty per cent, or 1,200, of these planes are high-speed jets. Very soon 100 per cent will be jets. Half will go to Germany and half to the strategic Pacific Northwest.
Then all World War II fighters will have been weeded out of the air force and there will be remaining only 150 postwar piston-engine types.

Despite arguments that the air force has concentrated on strategic bombing to the detriment of fighter development, the figures show that 20 of its 46 groups are fighter groups and the rest are bomber groups.

MORE ACCURACY
Since the war ended, the speed of fighter planes has doubled, but the pilot's shooting accuracy is as good or better. The jet plane, V-bombers, is a superior gun platform and vastly improved gun sights now are available.
But training is still the fundamental factor, as air force headquarters reflects on security grounds to say where its fighter groups are based. It will say that there are two groups in Europe, one in Alaska, six in the Far East, air force and 11 in the United States.

However, anyone with a little knowledge of arithmetic, a study of the Las Vegas score card and air force base publications can easily find out how many active fighters there are and details about the groups.

PEOPLE LIKE Coca-Cola WHERE THEY WORK
The bandits faced the trouper of their victims but abandoned the stolen automobile a short distance away and escaped in another machine. The victim was told today by some of the victims.

LARGE BUYERS
"We have always been large buyers of British merchandise but since the devaluation of the pound there has been a marked increase in the demand for British goods."
"Not only in Canada but in the United States as well," he said.
Continued growth of Edmonton also impressed Mr. Woodward as did the "tremendous" plans for future development not only in the city but the whole of northern Alberta.

SNEAK SNEAKS SOUPY SNACK SANS SILENCE

Tasty snack of soup and "homemade cookies" was enjoyed by a thief who stole a number of articles of clothing from residence of John Feak, 10135-98 street, early Sunday.

The cool intruder apparently enjoyed his "mug-up" while Mr. Feak's grandfather was awake in adjoining bedroom.
The grandfather said he heard someone in the kitchen, but paid no attention because he thought it was his grandson who was munching the cookies.
Realization that the thief had walked in the unlocked back door didn't come until Feak arrived home.

False Nose Bandits Escape With Loot

HENDERSON, Ky., May 23.—(AP)—Six bandits wearing false noses held up about 25 men at a cocktail pit near here late Sunday and escaped in a stolen automobile with an estimated \$30,000 to \$35,000.

The bandits fled with the trunks of their victims but abandoned the stolen automobile a short distance away and escaped in another machine. The victim was told today by some of the victims.

LETTERIES were legal in Georgia until 1877 and included some operated by the state government.

Legion's May Be First Cocktail Club Request

Edmonton Canadian Legion (Montgomery Branch) may become the first proprietors in the city of the "cocktail clubs" permitted by recent provincial legislation.

Group Helps 2 Stowaways

VANCOUVER, May 23.—(CP)—A group of "interested citizens" reported yesterday it is attempting to raise \$2,000 to help two Korean stowaways who escaped immigration detention here will be allowed to stay in Canada.

The pair, Young Man Lee, 22, and Pong Che Yee, 21, are reported hiding out in a Vancouver suburb, claiming they face a firing squad if sent back.

Plan of the group, whose members wish to remain anonymous, is to raise the money at a survey bond which will allow the youths to stay in Canada.

ALL LIABILITY
The group says by doing this it will remove all liability from the steamship company on whose ship they stowed away and who now is responsible for them.

Under Canadian immigration law, whoever accepts responsibility for the youths must do so for at least five years from the time the bond is signed.

Meanwhile, RCMP have been notified the youths are at large somewhere in Vancouver. No special search has been made for them.

KCs Want Comics Control Bolstered

OTTAWA, May 23.—(CP)—A resolution urging that Canada's crime comics be strengthened to cover sex and love comics, was approved yesterday at the 41st annual meeting of the Ontario state council of the Knights of Columbus.

Delegates endorsed a recommendation from Saul Ste. Marie that more teeth be put in the bill, recently approved by Parliament.

Reporter Dead

DETROIT, May 23.—(AP)—Clyde Bates, 34, reporter for the Detroit Free Press, died last night after a long illness. Bates joined the Free Press in 1945 and the following year won wide attention through his reporting of attempts by the AFL Teamsters' union to organize grocers and meat dealers in Detroit.

The American National Red Cross is one of 68 similar societies throughout the world.

Security Checks Urged After Spy Revelation

OTTAWA, May 23.—(BUP)—Foreign policy critics urged the government today to tighten its security checks overseas after being told spies could get at restricted information in Canadian embassies.

Members of the House External Affairs committee said the chance of information leaking into unauthorized hands could be lessened if Canada bought its embassies outright instead of renting them.

They said that as things stood at present there was no assurance that embassies in some parts of Europe were not wired before their Canadian occupants took over and that "other ways could exist" through which persons looking for secrets could find them.

RAISED ISSUE
The critics were led by Donald Fleming, Progressive Conservative member for Toronto-Kipling. He raised the issue last night by asking Arnold Heesey, deputy External Affairs minister, if a recent tour Heesey made of embassies and diplomatic headquarters in Europe showed their security precautions were satisfactory.

Heesey said they could be better. If Canada owned the properties, he said, suitable structural arrangements could be made to guard any secrets the embassies handled. At present, most buildings occupied by Canadians overseas are rented.

ADmits Stealing From Dead Man
CHICAGO, May 23.—(CP)—Joseph Muskerel, 38, yesterday was remanded for sentence when he pleaded guilty to stealing a wrist watch from a dead man whose body he discovered in a field May 12.

Muskerel said he took the watch from the wrist of Leonard Buell, 38, who died of a heart seizure.

He said he found the watch in a local and some which passed in and out in coded messages. While existing security arrangements were the best that could be devised at present, he said, some from of improvement was desirable.

Heesey's statement to the committee recalled extraordinary security precautions uncovered here during the Canadian espionage trials in 1946.

SUBSTANTIAL VOLUME
Heesey said under questioning some of the embassies handled a substantial volume of top-secret information, some of which originated in 1946.

POSTMASTERS ARE WARNED OF PHONES

OTTAWA, May 23.—(CP)—A warning to Canadian postmasters to guard against the acceptance of five varieties of phone United States \$10 bills was issued today by the federal post office department.

The warning was contained in the department's weekly bulletin issued to the hundreds of city and rural units across the country.

The phone \$10 bills bear the insignia of the Federal Reserve banks of San Francisco, Cleveland, Dallas, Tex., Philadelphia and Atlanta, Ga.

West Discusses Radio Barrier
LONDON, May 23.—(AP)—The United States and Britain yesterday ended talks on how to get news about the free Western world to radio listeners behind the Iron Curtain.

Although no details were revealed, it is understood the two countries have decided on closer co-operation in all overseas information work and the erection of many more transmitters to push American and British programs through the Soviet radio blockade.

CHATHAM, Ont., May 23.—(CP)—Chatham will vote on the Sunday sports issue June 14, city council decided last night. A council to take the issue to the people was made at last council meeting.

EDMONTON BULLETIN, Tuesday, May 23, 1950

Teachers Differ Over Education

Resolution To Grant Federal Aid Debated In Commons

OTTAWA, May 23.—(CP)—A one-time school teacher propelled the Commons yesterday into lengthy six-hour debate on whether the Federal government should grant money to the provinces to expand and equalize educational opportunities across the country.

The debate was initiated by R. R. Knight (CCF-Saskatoon), former school teacher in that prairie city, when he sponsored a private resolution urging the government to consider that proposition.

The motion, which drew objections from government benches and support from opposition parties, was still under discussion when the House rose and now goes off the order paper.

MINISTERS OPPOSED
Two cabinet ministers—Agriculture Minister Gardiner and Health Minister Martin—said they were against the motion.

George Drew, Progressive Conservative leader, endorsed it. He suggested the federal government could help the provinces by extending the number of scholarships available for research and for young men and women taking university training in teaching. The federal government should see what could be done.

Mr. Gardiner, also a former school teacher, said the federal government was not opposed to additional grants to the provinces, but felt it should not attempt to make grants and then order that they be spent on education. The proper place for the discussion would be before the approaching Dominion-Provincial conference.

Mr. Martin suggested adoption of the motion would do a great disservice to national unity because it asked that, without any reference to the provinces, the government provide equality of education. The government should wait until it could discuss the matter with the provinces this fall.

SENATE SITS
The senate gave second reading to amendments to the Customs Tariff Act and heard Senator Thomas Vio (I-Quebec) report that there had been "complaints" about an increase in the tariff rate on British textile imports.

In the commons, Mr. Knight introduced his motion with the comment that, while every child had right to equal opportunity in education, that equality did not exist. Teaching standards varied amazingly across the country.

7 Drumheller Gets City Manager

DRUMHELLER, Alta., May 23.—(CP)—James J. Part, former foreman and clerk at Vermilion today took over his duties as city manager, city clerk and treasurer in Drumheller. He replaces Duncan M. Baltimore TV Stars
Compete With Baboon

BALTIMORE — (UP) — Baltimore television stars will have to face it, one of their main sources of competition is a baboon.

Babette, a precocious youngster born at the Baltimore zoo of jungle-bred parents, is the star of "This Is Your Zoo," a 15-minute program telecast weekly.

Babe started her television career early this year and since that time has mugged her way into the hearts of Baltimore television audiences.

Arthur R. Watson, director of the Baltimore zoo and master of

ceremonies on the program, said her success "lies in the fact that she can appear a helpless, temperamental infant in a sweater and a bonnet, set at a rakish angle and still put on the show of a born actress."

Recently, a birthday party for the alman star was held at the station's studios and gifts poured in by the hundreds.

"She has a face that only a mother could love, but she has mugged her way into everyone's heart," Watson said.

YOU SIMPLY CAN'T WIN

50 Million Heads Butting
Against Betting Rackets

By H. D. QUIGG
Exclusive to Bulletin
NEW YORK, May 23.—(UP)—Hello, suckers.

There are 50,000,000 of you—American adults who gamble regularly.

Add a few thousand Canadians and it makes quite a crowd.

You are betting your "heads and dollars against gambling odds and gimmicks" that make it impossible to win.

An estimated \$8,000,000,000 is bet with bookmakers each year. Slot machines gross an easy \$1,000,000,000 "take" annually. The numbers game or policy racket accounts for \$1,000,000,000 to \$2,000,000,000 annually.

Those statements are part of a scholarly lowdown on gambling issued here. The venerable American Academy of Political and Social Science devoted the May issue of its "annual" to what it asserts is the most comprehensive study of gambling ever made.

Some conclusions: Bingo operators customarily pocket a profit of 50 to 80 per cent. Lottery and raffle prizes are worth only 20 to 40 per cent of the total profits.

For big lotteries like the Irish Sweepstakes, racketeers print thousands of counterfeit tickets "with the result that most Irish Sweepstakes tickets sold in the United States are fraudulent."

All slot machines are fixed to retain 40 to 80 per cent of the coins put into them.

One author said that "only one gambler in 100 knows the odds are stacked against him." But

Ex-Wetaskiwin
Clergyman
Dies In East

WOODSTOCK, Ont., May 23.—(CP)—Rev. John E. Hogg, D.D., 82, died here yesterday.

Prior to his ordination in 1903, he did student missionary work in Western Canada. He held pastorates in the Presbyterian church and later the United Church of Canada, at Wetaskiwin, Alta., Southampton, Clinton, Stratford and Drumbo, Ont.

In 1931 he received the degree of Doctor of Divinity from Victoria College in recognition of his efforts in the building of new churches in the west and also at Southampton and Clinton.

On retiring from the active ministry he resided at Seaford and since 1947 had been living with his daughter here.

SEEK CORRECTION

Among the independent efforts to "cure" the addiction to gambling is a Gambling Anonymous, organized in California more than a year ago by a group suffering in the pocketbook from gambling. The organization is fashioned after Alcoholics Anonymous. Its membership is said to be growing "incredibly fast."

In a press conference called to explain the new volume, one of its two editors, Morris Plesow,

a judge of the magistrates' courts of New York City, said that there seemed to be a unanimity among the authors that "legalization is not the answer" to the gambling problem.

"Some people think that by knocking off a single racketeer, or throwing out a public official, you can solve the problem," he said. "But more than anything it's a problem of manners and morals of our culture."

The issue publishes—for the first time anywhere—a 14-page alphabetical list of dice gamblers' terms and their definitions. It's quite a thing.

Trailmobile Concern
Opens Branch In City

F. J. Corbett, Edmonton branch manager for the Trailmobile Canada Limited, announced the opening of a new branch office in Edmonton.

The new office is on the second floor of the Alaskan Motors building, 11903 Kingsway.

This is the fourth branch office the company has opened in Canada. Trailmobile is the oldest trailer manufacturing company in Canada.

Trailers range in length from 22 feet to 31 feet.

"We're now manufacturing a new type loaded trailer for use in oil fields of Alberta," said Mr. Corbett.

This type of trailer has been constructed to speed and ease the loading of heavy oil field equipment," he added.

Mr. Corbett is in charge of sales in this district of all vans, tankers, low-beds, stake and refrigerator units and truck bodies manufactured by Trailmobile company.

and the United States.

Army Retires
In Good Order

KINGSTON, Jamaica, May 23.—(CP)—Six soldiers of the Inniskilling Regiment were soundly mauled here early Sunday after they boarded a dance hall with beer bottles.

Civilian dancers battled with the soldiers after beer bottles crashed through hall windows. The army men raided the hall later a member of the regiment was refused admission. He returned later with 14 comrades to start the bottle battle. Outnumbered, the army men retreated, carrying the injured with them.

Appeal Right Given

QUEBEC, May 23.—(CP)—Chief Justice Thibodeau Rinfret has granted right of appeal before the Canadian supreme court to Roger Lisette, 30-year-old lumberjack convicted a year ago of the beer bottle killing of Gerard Beaumont. Defense Counsel Gerard Levesque said last night.

Alaskan Motors Opens City's Newest Garage

One of Edmonton's newest and most modern garages, the Alaskan Motors Limited, was officially opened Saturday. Situated on 119 street and Kingsway, in new building costing \$30,000, the business is owned and operated by two of Edmonton's leading garage operators, L. J. Price and E. B. Olson.

Both men are well experienced in their field of work. Mr. Olson has been in the service station and garage business for 22 years and for the past 12 years has been owner and manager of Scotty's garage.

Mr. Price learned the trade while with the army and has been at the job for the past nine years.

PARTNERSHIP
Their partnership came into effect about nine months ago with the plans of opening this new service station.

Constructed of steel girders and brick, the building measures 30 feet by 72 feet.

The garage itself is about 35 feet by 30 feet.

This part of the building boasts some of the finest service station equipment in Edmonton.

A new type oil changer and checker will change and check oil in 15 minutes.

The battery charger is able to charge batteries in 20 minutes. A "jiffy" tire-changer allows mechanic to change tires in half the usual time.

"We plan to store cars during the winter season," said Mr. Olson. The large frontage space, measuring 340 feet by 60 feet, will allow motorists ample room to park while having automobiles checked and serviced.

Two modern electric gas pumps, each with a 12 foot hose extension, have been situated in a position to allow speedy service.

The office, attached to the garage shop by a separate entrance, features the latest in fluorescent lighting, air conditioning and heating system.

Entire building is heated with a thermostat controlling furnace in the main basement.

"The service station will be open for business from 7 a.m. until 7 p.m. daily," said Mr. Olson.

Part of the new building has been leased to Wally Filan for a coffee shop.

This will not be open until about May 27, when the entire shop is completed.

The top storey of the two-storey building will be leased as office space.

Snow Bothers Men Fighting Forest Fires

VANCOUVER, May 23.—(CP)—British Columbia's erratic weather is working both "for and against" the men who protect her forests from fire.

Heavy snow in some districts is keeping the hazard low, the British Columbia forest service reported. It is also making it difficult to open some lookout stations.

"We've never had anything like this before," said one official, who said his men are encountering 10 and 12 feet of snow in low mountain areas.

have been situated in a position to allow speedy service.

The office, attached to the garage shop by a separate entrance, features the latest in fluorescent lighting, air conditioning and heating system.

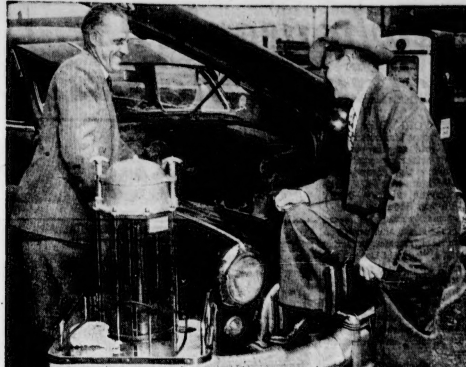

Entire building is heated with a thermostat controlling furnace in the main basement.

This will not be open until about May 27, when the entire shop is completed.

The top storey of the two-storey building will be leased as office space.

LOOKING OVER their new 'quick oil changer' E. B. Olson, (left), and L. J. Price are in mutual agreement that modern equipment will serve their customers right at Alaskan Motors, Edmonton's newest garage business.

Modern Crusoe Finds Plan For Bird Census

By J. C. GRAHAM

DUNEDIN, N.Z., May 18.—(CP)—A man who has just returned from three months of self-imposed exile on a deserted island in developing methods of measuring bird populations which may be adopted by ornithologists throughout the world. L. E. Richards of Dunedin lived alone in a small shack on Where Island, a half-acre forest-clad piece of land off the south coast of New Zealand.

For his study Richards has chosen five species of petrels which inhabit Where Island. He has been watching the birds for 10 years on previous visits, while on hundred

reds of others he had to place new bands.

To get the work done in the correct season Richards had to work in all types of weather, sometimes in terrific winds. So exacting was the work that he lost 14 pounds and became so weak after prolonged observation in bad weather that he had difficulty at times in keeping to his schedule.

Now that his observations have been completed, a major task remains in collating all the data and putting his findings into a form readily applicable to other types of birds. Ornithologists in many parts of the world are awaiting the results of his work with interest.

WORKED AT NIGHT
Then the night work began. Each burrow had to be inspected in five species of petrels which inhabit Where Island. He has been watching the birds for 10 years on previous visits, while on hundred

Time Out

By Dick Beddoes

ON BRIDGES AND BACKFIELDS

Edward Beddoes' Bits and Boulders:

Here's a May 24 joke for school-bus boys who make Queen Victoria swear in her casket if she were to hear it.

On the 24th of May is the Queen's birthday.

If you don't give us a holiday we'll all run away.

Mr. Al Anderson, boss of the Eskimo football manager of the same name, recently observed a week-day traffic congestion on the High Level bridge. Said he:

"Edmonton is sure getting too big for its bridges."

The way she has it figured out, you can't cross Edmonton's bridges—even when you come to them.

Anderson and the Eskimos are interested in a feet-footed ball from Los Angeles. The player in question played with the LA Dons last year, and at 23, was one of the youngest performers in the American professional game.

But why the Eskimos are going across the line for a speedy back is a puzzle to a lot of football experts. But the reason for the move is to turf advisers, or touts, as they are sometimes known. For Eskimo president Walter Sprague owns a racehorse named Vegas Terry, which recently won a sprint in Calgary at odds of 9-1.

There is no reason, say these persons, why Mr. Sprague couldn't loan Vegas Terry to the Edmonton backfield for the football season. He travels a faring faster than anyone in the Conference, including Eskimo coach Arnie Stukus, who was picked out of a claiming race in Toronto by an Edmonton bidder last year.

Your correspondent would go a step further by importing Citation, Hill Prince and Whitaway to the backfield. What would give this with Vegas Terry in the Eskimo backfield. To play the five four-faces which could be labelled, for publicity purposes, The Four Horses.

Leo Fumano, vice-admiral in charge of well-wisher Phil Palmer, is still in the dark as to when this will clash with Irish Jimmy Nolan for the Western Canadian senior title June 15 or regarded as a probable date for the tango.

One evening in New York's old Hippodrome 15 years ago, Edward (Strangler) Lewis was trying to pin Lee Wyckoff to the mat with some purely scientific holds.

It was an honest wrestling match without any phony dramatics. It was also horribly dull to watch.

And at the end of two hours, the Hippodrome was nearly empty—and legitimate wrestling was dead.

Finally, to keep body and soul from bidding each other adieu, the Strangler went into a solo act. He joined Jimmy Lindos and the rest in the art of refined kidding, which wrestling now is.

And tonight the Strangler will referee a couple of exhibitions of strength locally with the aid of Albert or Alvin Gering coming out of the house and fingers a gay tune on his cash register.

2-Year Old 'Derby' King

Edmonton's youngest handi-capper, Harry Giffen, made his debut in the Annual Bulletin Kentucky Derby Contest Saturday.

Two-year-old Harry, who lives at 9534-182A avenue, picked Hill Prince and Middleburg, ran on-time in Preakness at Baltimore, Maryland, breaking the first place with Mrs. H. A. Gibbs, of 1077-126 street.

Mrs. Gibbs made the mistake of naming Mr. Troubadour as her n'er, but called Middleburg in place position.

Young Harry won a 14-day pass to the August race meet here, but Daddy Giffen probably will win it a few times—at least.

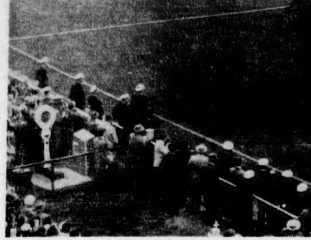

Mrs. Gibbs who copied second list only noticed three points in naming Middleburg. She was a seven-day pass to the race meet.

Third position was Mr. W. Farquhar of 1114-86 street, who also scored seven points by naming one and two first places.

A tie for fourth resulted from Ed Kian and Art Hawthorne both picking Hill Prince to win the first. Kian and Hawthorne will both receive a one-day single pass.

Passes will be made to winners in time for the August meet.

The noon draw will feature Fort Saskatchewan vs. Horse Hill and Chipman vs. Josephburg. The final game is slated for 7:00 p.m.

Edmonton's youngest handi-capper, Harry Giffen, made his debut in the Annual Bulletin Kentucky Derby Contest Saturday.

STOPS SOUTH SIDE 9-0

Squires Hurls One-Hitter

Mortons, paced by the standout hurling of Edna Squires, drubbed the South Side Athletics 9-0 in a Senior Ladies' Fastball league fixture at Kingsway last night.

Squires was touched for one hit, in a single by leftfielder Bill Collins of the Athletics, in the seven inning encounter. Only one other South Side player got on base, a consequence of Ray MacBeth misplaying Penny Parvula's loft to centre.

Squires struck out eight of the opposition and had things well under control the entire game. Her MacBeth's Athletics garnered 12 bingles off the offering of Mase Hephurn and Sable May. Half of their hit total came in the 'big second frame when Mortons captured seven runs.

Squires also helped her cause by getting three hits in four trips to the plate.

South Side: 11 runs, 10 hits, 11 errors. Squires and Worth: Home runs, 3 and 10.

CALGARY RACES

FIRST RACE: Six and one-half furlongs, 1:20.40. Claiming. For year-olds and under. (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00.

SECOND RACE: Five furlongs, 1:12.40. Claiming. For year-olds and under. (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00.

THIRD RACE: Four furlongs, 1:02.40. Claiming. For year-olds and under. (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00.

FOURTH RACE: Three furlongs, 59 seconds. Claiming. For year-olds and under. (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00.

FIFTH RACE: Two furlongs, 1:02.40. Claiming. For year-olds and under. (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00.

SIXTH RACE: One and one-half furlongs, 1:02.40. Claiming. For year-olds and under. (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00.

SEVENTH RACE: One and one-half furlongs, 1:02.40. Claiming. For year-olds and under. (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00.

EIGHTH RACE: One and one-half furlongs, 1:02.40. Claiming. For year-olds and under. (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00.

NINTH RACE: One and one-half furlongs, 1:02.40. Claiming. For year-olds and under. (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00.

TENTH RACE: One and one-half furlongs, 1:02.40. Claiming. For year-olds and under. (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00. Squires (S) 540 3.50 4.00.

ST. ANDREW'S, Scotland, May 23.—(Reuters)—Willie Turnesa, 1947 winner and last year's runner-up, Big Bill Campbell, along with "Dynamite" Bill Goodie, all got through their first-round matches yesterday to maintain the hot United States challenge in the British Amateur Golf championship.

But it became clear by the end of the day that home re-players of the ability of John MacGregory, the holder; Sam McKinley and Gerald McKinnon, both Walker Cup players; and J. D. A. Langley, present English champion, are still there bidding to keep the trophy to the British Isles.

Edna Squires, who won the first round, is the only woman to have won the title since 1914.

She was touched for one hit, in a single by leftfielder Bill Collins of the Athletics, in the seven inning encounter. Only one other South Side player got on base, a consequence of Ray MacBeth misplaying Penny Parvula's loft to centre.

Squires struck out eight of the opposition and had things well under control the entire game. Her MacBeth's Athletics garnered 12 bingles off the offering of Mase Hephurn and Sable May. Half of their hit total came in the 'big second frame when Mortons captured seven runs.

WILL DAFFY DODGERS BE BLUSHING BUMS?

CHATTANOOGA, Tenn., May 23.—(AP)—Can you imagine the Brooklyn Dodgers in short pants?

Branch Rickey, far-sighted, dollar-minded one-man brain trust of the Brooklyn organization, is keeping a close and observing eye on the experiment at Mobile, Ala., where the Bears have gone Hollywood.

Dodgers' Southern league farm club has gone ultra-modern and joined Brooklyn's Hollywood stars in discarding the full-weight uniforms handed down with tradition for short pants and knitted "T" shirts.

Musial's Southern league farm club has gone ultra-modern and joined Brooklyn's Hollywood stars in discarding the full-weight uniforms handed down with tradition for short pants and knitted "T" shirts.

Musial Way Ahead In N.L. Bat Derby

NEW YORK, May 23.—(AP)—Stan Musial of St. Louis still rolls along at a 439 clip although National League pitchers cut 28 points off his leading average during last week.

Through Sunday's games, Musial held a 42-point edge over team-mate Guy Derris, second at 377.

Musial also tops in total hits, 42, doubles, 13, and tied with Ritchie Ashburn of the Phils and Sam Jethroe and Buddy Kerr of Boston with three triples.

Behind the two Cardinals came Dick Slater of the Phils, 371, with Johnny Hopp of Pittsburgh a close-up fourth at 369. Andy Park of Chicago has 343 and Jackie Robinson of the Dodgers, 1940, came in at 333.

Johnny Woretek of Cincinnati holds seventh place at 318, one point better than Jethroe. 315. Jethroe is the only rookie among the leaders. Eddie Walker of Philadelphia 314, and Tommy Giavoni of St. Louis and Willie Jones of the Phils, tied at 314, round out the top 10.

The home-run race in wide open with Ralph Kiner of Pittsburgh, Jones and Sid Gordon of the Braves all tied with eight. Jones has the most runs, 27, and another Phil team-mate, Del Ennis, is the runs-batted-in leader with 27. Pee Wee Reese of Brooklyn has the most stolen bases, 15.

Italy wins MONDORY, Luxembourg, May 23.—(AP)—Italy yesterday completed its rout of Luxembourg's tennis forces by capturing the final two singles matches for a 5-0 sweep of the second-round European Davis Cup series. The Italians, defending once champions, next will face Belgium's team in the quarter-finals.

Italy wins MONDORY, Luxembourg, May 23.—(AP)—Italy yesterday completed its rout of Luxembourg's tennis forces by capturing the final two singles matches for a 5-0 sweep of the second-round European Davis Cup series. Newhouser in Form, Halting Senators

NEW YORK, May 23.—(CP)—Prince Hal Newhouser showed lots of his old-time pitching wizardry yesterday in twirling the second-place Detroit Tigers to a 5-1 American League victory over Washington Senators.

Newhouser, making his second start of the season after coming up with a sore throat in spring training, spaced eight hits and had a shoutout going into the ninth.

Brooklyn's Don Newcombe once again proved that his shoulder trouble is a thing of the past by duplicating Newhouser's feat under the floodlights in the National League's only scheduled game.

Newcombe pitched the league leaders from an eight-hit, 5-1 victory over Cincinnati Reds. A four-run fourth inning against Howie Fox settled matters fully and increased the Brooks' first place margin over the Philadelphia Phils to a full game.

YANKS FLYING HIGH In a night game at Cleveland, the rampaging New York Yankees backed Vic Raschi's (level) pitching with 10 assorted blows to scalp the Indians. Victory gave the Bombers a clean sweep of the three-game series.

An all-time crowd of 5,132—smallest of the season at Briggs Stadium—saw Newhouser halt the surprising, violent Washington attack.

Dick Kuyk and Johnny Ligon led an 11-hit attack against Senators' starting pitcher Ray Scarborough absorbing most of the punishment.

Kuyk's opening, the scoring with a three-run homer in the second inning after the game had been held up 15 minutes by a rainstorm. Ligon got four straight hits.

Scarborough pitched, I thought he was the best couple of hours before game time of the death of a hero. He pitched very well throughout at Mt. Pleasant, N.C. The highlander's feat for North Carolina immediately followed.

NEWCOMBE'S ANNIVERSARY An Ebner's Field crowd of 20,075 saw Newcombe celebrate the anniversary of his first big-league victory, a 2-0 shutout of Cincinnati, by winning his 10th game of the season. It was one loss.

He struck out seven batters, four of them in the first inning. He counted for their lone run with one out in the eighth. It was un-expected. Lower scores from second base as Eddie Miksa threw wild in an attempt to complete a double play.

At Cleveland, the Indians used four hurlers. Mike Garcia, the star, pitched the first three innings in check for seven frames. But he weakened in the fourth, allowing two runs and a hit on three walks, a hit and an error.

Steve Gromek, who over at the start of the ninth, hit three consecutive singles sent him to the showers. Tommy Horton and Mario Piretti finished out the lining with two more success.

In a third straight 30-minute marathon at Chicago, the White Sox defeated Boston Red Sox 10-0. The Sox, who had lost their first single defeat of the season, scoring Jim Busby, a substitute base runner with the winning run.

10 EDMONTON BULLETIN, Tuesday, May 23, 1950

Renfrew Park groundskeeper Bob Chapman, shown laying plate for use of bull-pen pitchers, is busier than the mother of triplets on wash days these times as the Big Four Baseball League season hits its stride. And although it might mean postponing several games, Chapman would be content with a three-day rain. The reason: the Renfrew grass is parched and badly in need of moisture.

Clubmen Hang Tough But Lose First Game

For a team that almost didn't enter the Junior Baseball league, EAC proved themselves to be surprisingly tough in their first game at the stadium last night.

The Clubmen lost out 2-1 to the defending champion South Side Athletics. But in so doing, they indicated that they are strongest EAC outfit to campaign in Clarke Stadium in recent years.

A right-handed Calder Junior named Emil Utrushak pitched effectively for the losers, allowing four hits and striking out 12. His mound opponent, Don Crough, gave up the same number of base knocks and whiffed 11.

Don Haley led the South Siders in a triple and single in three times at bat. He scored in the fourth inning after collecting the three-bagger, crossing the plate on an error by EAC catcher Gordon Pearson.

Haley's single drove in the second South Side run in the sixth, sharpshooter to right field, sending Orest Stojanovic home from second base.

EAC last place club in the 1949 race, scored their lone run in the eighth frame. Walt Kockalski slatted a single through the pitcher's box, stole second and raved home when Athletics' catcher Ed Bell knocked, threw the ball into left field in an attempt to catch Kockalski at home.

Junior game is scheduled for Friday night at 6:30, Canadian players N.C.

North Side Legion senior soccer squad will hold a practice Thursday night at Clarke Stadium at 6:30.

WEDDING BELLS will ring July 24 in McDougall Church for Miss Helen Arsenault and Bill Hume. Bride-to-be is daughter of Mr. and Mrs. Lawrence Arsenault of Edmonton. Her fiancé is son of Mr. and Mrs. J. R. Hume of Bashaw.

Jean Gray McClure Becomes Bride in Home Ceremony

In a recent evening ceremony at the home of her sister, Mrs. M. R. Brummett, Jean Gray McClure became the bride of Gordon S. Spicers.

Recent Bride Party Honored

Saturday bride, Mrs. William Smayda, was centre of a pre-nuptial swirl of parties before her wedding. She is the former Lorraine Humsted.

Mrs. S. Barnes was hostess at a miscellaneous shower for 15 guests for the bride-elect.

Staff of Correspondence School branch presented her with a Royal Albert set of china. Mrs. Smayda yellow roses, lily-of-the-valley, and was employed there for two years.

Administration staff of the branch entertained at a shower at the Windsor Tea Room when a tireless lamp and set of towels was presented to her guests of honor.

Jean and Vera Walters were hostesses at the home of their mother, Mrs. A. Walters, at a miscellaneous shower for the busy bride-elect when 17 guests presented gifts in a welcome.

Mrs. R. W. Reinholdt was hostess at a miscellaneous shower in honor of Mrs. Smayda. Twelve guests offered gifts and best wishes in a decorated doll carriage.

Choir of St. Luke's Anglican Church presented the busy bride-elect with a silver tray, cream and sugar set and a silver cake dish. She has been a member of the choir for nine years.

Hard-Time Dance To Be Tomorrow

Hard Time Dance will be held tomorrow by the Eastwood Community League.

Dance will be held in the Community hall from 9 to 12 p.m. Prizes will be given. Everyone welcome.

Davey-Becker Vows Said In Double-Ring Ceremony

Double-ring ceremony performed recently against a background of pink and white against the backdrop of the Church united Rosemarie Evelyn Becker and Ernest George Davey.

Junior Festival To Take Place Saturday

Over 200 girls, representing eighty branches and six out-of-town branches, will gather Saturday for the Anglican Junior Auxiliary Festival.

Festival will be held in Holy Trinity Church. Opening services will be held at 10 a.m. with Rev. Canon W. M. Naylor officiating.

Judges of the eight sections will take place in the parish hall. Sections are Bible reading, recitations, singing, hymn of own choice, choral speech, action song, handicrafts, flannelgraph, and tableaux.

City Junior Branches will be loaned to the out-of-town branches.

All MA members and friends are cordially invited to attend.

Lady Jaycees Donate To Arthritic Council

Organization of Canadian Council of Arthritis is getting under way.

Donations are arriving from across Canada. Swelling the fund is a \$200 donation presented by Edmonton Ladies Junior Chamber at Christmas recently.

Committee chairman for the Jaycees, Mrs. H. W. McMillan, announced the interests of the club to help the organization as much as possible.

Mrs. Pearl Landman of Edmonton is chairman of the council. National headquarters will be here, said Mrs. McMillan.

At present, Ladies Junior Chamber of Commerce members are assisting Mrs. Landman in circulation of literature to all Canadian arthritis.

Social and Personal

Glenora Opening Tea Draws 100 Guests

Stocks, carnations and snapdragons centred the tea table at Glenora Tennis Club Sunday for the opening tea and tournament.

Nearly 100 members called during the afternoon.

Hostesses were Miss Mary Disturnal, social convener, Miss Doris Brower, and Mrs. W. J. Astle.

Pouring tea were Mrs. W. W. Astle, Mrs. G. M. Edgar, Mrs. Tudor Edmonds and Mrs. Andy Purcell.

Serving were Barbara Tate, Audrey Mitchell, Marjorie Aldridge, Berta Brault, Jocelyn Simpson, Audrey Darling, Beverly Air and Mildred Day.

Chapter Entertains at Tea For Two

Tea-time hostess yesterday was Mrs. G. R. A. Rice when she entertained members of the University of Alberta Chapter, 10DE, honoring Mrs. Billie Jersey and Miss Audrey Hinks.

Mrs. Jersey is a former chapter member and Miss Hinks is a bride-elect of this week.

Mrs. O. P. Thomas presided at the festivity. Assisting in serving were Mrs. J. D. Fraser and Mrs. C. H. Hildebrand.

SEATTLE visitors in Edmonton include Mr. and Mrs. R. S. Bink. They are guests here of the Macdonald Hotel.

Other guests at the hotel are Mr. and Mrs. R. G. Vankirk of Winnipeg.

OF INTEREST in medical circles is the announcement made by Mr. and Mrs. J. M. Honey at Edmonton. Their daughter, Margaret, will wed Dr. John E. Dixon, son of Mr. and Mrs. Frank Dixon of Wainwright. Marriage will take place at St. John's in Strathcona Baptist Church.

The bride-elect is a graduate of the Royal Alexandra Hospital School of Nursing, and her fiancé is a 4th graduate in medicine of the University of Alberta.

Trousseau Tea For New Bride

Bride of this morning, Mrs. John R. Finley, was honored last night at a trousseau tea at the home of her mother, Mrs. Howard E. Dea. Mrs. Finley is the former Joan Dea.

About 40 guests called during the afternoon and evening. It is believed by Mrs. Dea, wearing a soft blue crepe dress with American beauty roses en corsage.

Mrs. Charles W. Finley, who also received, chose a two-piece silk dress with a corsage of red roses.

The bride was frocked in figured brown silk complemented by yellow rose.

Carnations mingled with spring flowers centred the tea table, which was laid with a blue-coral and decorated with white lilies.

Pouring were the bride's aunts, Mrs. R. J. Vint, Mrs. D. A. Hanna, and Mrs. A. P. Dea.

Assisting in serving were Mrs. V. Nelson, Mrs. W. Stevens and Mrs. John Dea.

Trousseau and gifts were displayed by the bridemaids, Miss Mary-Jay Dea and Miss Rita Smith.

Mrs. J. McPherson was in charge of the guest book.

House Eccers Hold Sat. Tea

Miss Mabel Patrick and Miss Bessie McVee received about 200 guests Saturday afternoon at the annual spring tea sponsored by the Edmonton Home Economics Association.

Proceeds from the tea, which was held in the University of Alberta's Household Economics department, will cover the association's scholarship fund.

Mrs. F. C. Butterworth, Mrs. R. Putnam, Mrs. John Macdonald and Mrs. A. C. McGugan poured tea.

Miss Marjorie Grant was in charge of arrangements, and Miss Mae Bruce and Miss Bessie Young decorated the table. It was centred with a white bowl of dry pink snapdragons and red carnations on a white cloth.

Assisting were Miss Mabel McIntyre, Mrs. K. Brewer, Miss Margaret Fraser, Mrs. John Septhure and Mrs. R. Currie.

Mrs. M. Hamilton was in charge of the guest book, and Mrs. W. T. Swift and Mrs. Eric Crummy were at the door.

Serving were Miss Margaret Long, Miss Grace Stoddart, Miss Margaret Liquey, Mrs. Adele Swanberg, Mrs. K. Kilday, Miss Margaret Stewart, Miss Kay Purdick, Miss Marjorie Panackey, Miss Doreen Timmons, Miss Edith Ashdown, Miss Mrs. W. W. Audrey Fisher, Mrs. Jack Young, Mrs. McLeod, Miss Bessie Davies, Miss Anne Murray, Mrs. J. M. Whidden, Miss Owen Gould, Mrs. H. Hendley, Mrs. William Johnston, Miss Vera Hole, Miss Mabel Geary, and Miss Ada Lent.

BRIDE ELECT of the week, Miss Flora Smith has been fete by several Edmonton hostesses recently. Invited to a shower in honor of Miss Margaret O'Donnell, bride-elect of June 2.

Riveting clues hidden in colored balloons revealed the hiding places to the 15 guests. Games were enjoyed during the evening.

PRESENTATION of bowling and curling trophies will be made tonight in winning teams by the Burns and Company Sports and Social club.

Presentations will be made at banquet and dance in the A. B. C. Salons of the Macdonald hotel. Head table guests will include Mrs. R. J. Vint, Mrs. D. A. Hanna, and Mrs. H. T. Anderson, chairman of the evening. J. M. Hamilton, manager and master of ceremonies for the dance, presented Rose, about 120 are expected to attend the affair which will start at 7 p.m.

STREAMERS from a gaily decorated Maypole provided clues to the hiding places of miscellaneous gifts at a shower at the home of Mrs. James Hobbs. Mrs. Robert Hobbs was co-hostess, and the guest of honor was Miss Kathleen Hawker, bride-elect of June 2. Miss Audrey West assisted in serving 96 guests.

On another occasion, linen gifts from 12 guests were presented to Miss Hobbs at a shower at the home of Mrs. Harold Hawker. Little Barbara Short presented the gifts and Mrs. Edward Short poured tea.

RECENT VISITOR in Edmonton was Mrs. P. C. Shampier of Vancouver. A former resident of this city, Mrs. Shampier holidayed here with friends and relatives.

She was a guest of Mrs. Charles Greenwood and Mrs. J. L. Barnard.

Three Score Review To Be Staged For Winnipeg Flood Fund

Benefit performances of Three Score Review will be staged by Friendship Club members Thursday and Friday at 8:15 p.m.

Briskly-paced show of vaudeville acts, comedy and song will be presented at the recreation building for Winnipeg Flood Relief.

All essentials of production have been donated. This clears all proceeds for the flood fund.

Mrs. E. Henderson, member of board of directors of Friendship Club, is responsible for the benefit performance.

Calendar

GROUP from the West of Canada United Church, meeting Thursday at 8:15 p.m. at the Church of the Good Shepherd, 1400 St. James St. N. (Edmonton, 1950 - 51 visit).

Study Combines With Pleasure

Province's Summer Classes Show Variety Of Interests

Varied nature of occupations and activities in Alberta is shown in special courses offered by University of Alberta summer school and department of extension this summer.

Instruction and special training will be given at the university this summer to oilmen, school officials, young people from the farms and the province's teachers.

In addition to courses at the university, the department of extension will sponsor cultural activities at the Banff School of Fine Arts, open from July 11 to August 19, a course in recreational leadership which began Monday at the Edmonton Recreation Centre, 1006 160 street; and a refresher course in municipal administration at Banff, May 21 to 27.

Growing importance of oil in the province is shown in three special courses being offered oilmen at the university. Two Mid Schools are scheduled for this summer to give instruction in drilling, fluid handling and control to roughnecks, derricks, drillers and other oil workers. The third University of Alberta Mid School will be held from May 29 to June 9, and a fourth school will follow in June.

Seventy oilmen are expected to attend each school given by department of extension in cooperation with Canadian Association of Oilfield Drilling Contractors.

From June 12 to June 23 the university will hold an oil-treating school for field men in petroleum production work. Sponsored by the Western Canada Petroleum Association, the course will give instruction in field testing of crude oil and similar procedure.

FOR FARM YOUTH

Seven-day Farm Youth People's Conference will be held at the university beginning Friday, June 2. The 32nd annual conference, to be attended by an estimated 200 delegates, will feature lectures on farm and health topics, practical instruction in agriculture, and judging competitions.

Sixth annual refresher course in school administration will be held in the university. Nearly 100 hours of instruction will be given by university and recreation commission officials to playground supervisors. Course will continue until June 16.

Banff School of Fine Arts is expected to draw nearly 500 students from all over the world. Under direction of Donald E. Cameron, also director of university department of extension, the school gives courses in fine arts, languages, handicrafts and other skills.

A travelling team of university students will give department of extension courses in fine arts, languages, handicrafts and other skills.

school teachers. It is expected to be as great as last year's record enrollment of 1,400 students. Emphasis on education courses this year will be on new techniques of teaching handicapped youngsters and those deficient in reading, according to G. M. Dunlop, associate professor of education and director of the school.

RECREATIONAL

Recreational leadership course by department of extension is only of this year's summer. Nearly 100 hours of instruction will be given by university and recreation commission officials to playground supervisors. Course will continue until June 16.

Banff School of Fine Arts is expected to draw nearly 500 students from all over the world. Under direction of Donald E. Cameron, also director of university department of extension, the school gives courses in fine arts, languages, handicrafts and other skills.

A travelling team of university students will give department of extension courses in fine arts, languages, handicrafts and other skills.

HUBBY SUES AS WIFE, 86, LURED AWAY

ARLINGTON, Va., May 23 (UPI)—George H. Hubma, 84, sued his non-law and daughter for \$100,000 day on charges they alienated the affections of his 86-year-old wife.

He told the circuit court here yesterday that Mr. and Mrs. William P. Ristau enticed his wife away from his home in November, 1942. Since then, he said, they have refused him permission to see or visit her.

community life conferences at three Alberta centres in July.

The conferences, given to rural youth on world affairs, agriculture, home economics and recreation, will be held at Bear Lake in the Grande Prairie district, Gooseberry Lake, in the Consort area, and at Lake Saskatoon, three miles north of Wembley.

Travel on highways is expected to be good for the summer.

Late Season On Farms May Cut Holiday Traffic

This year's May 24 holiday is going to be much like "an ordinary summer Sunday," so far as traffic is concerned, say transportation officials.

Edmonton district farmers will probably be too busy with Spring plowing to take advantage of the mid-week holiday, but the city population should be out in force. Railways and airlines are freely predicting a whipping traffic for the highways, but as far as their own facilities are concerned, they don't expect much passenger demand except for short hauls.

Beach, Alberta Beach, Pigeon Lake and Cooking Lake will be particularly heavy, says A.M.A., with campers on their way out to enjoy summer cottages and generally enjoy a lake-side outing.

Officials urge the importance of same driving over the holiday. "If everyone drives cautiously, there won't be any accidents," said a spokesman.

Travel on highways is expected to be good for the summer.

27 Guerrillas Die In Korea Battle

SEOUL, Korea, May 23 (AP)—The defense ministry today reported 27 guerrillas from Communist north Korea were killed Sunday in a battle with South Korean forces near Seoul. That, it said, completed an army wipe-out of 700 guerrillas who came down from the north March 27.

Northwestern Airlines has no flights at all out of Edmonton Wednesday, and Western doesn't expect a very heavy trade from citizens who wish to spend two or three hours in Great Falls or Salt Lake City before returning.

But TCA expects heavy travel to Calgary and Saskatoon, and above-average demand for Vancouver bookings. They are prepared to double their Calgary service if necessary. Canadian Pacific Airlines expects to do a fairly heavy traffic to Grande Prairie and Dawson Creek but see nothing more than average traffic into the far northland.
